

4/4/79

STAP MEMBERSHIP

At present, STAP consists of eight members. Under current applicable rules, six members would serve out their terms in May, 1980. Because of this one time large turnover, it would be advisable to seek an extension whereby the membership changes in a more orderly way.

Both because of the range of problems taken up by STAP and schedule conflicts, it is desirable to encrease the membership to ten to twelve with the memberships selected in part on the basis of the problems that STAP will be working on.

Preliminary discussions with STAP membership suggest the following order of priority:

- J.M. | 1)
- 2)
- 3)
- 4)

*in England let Sept 79*
